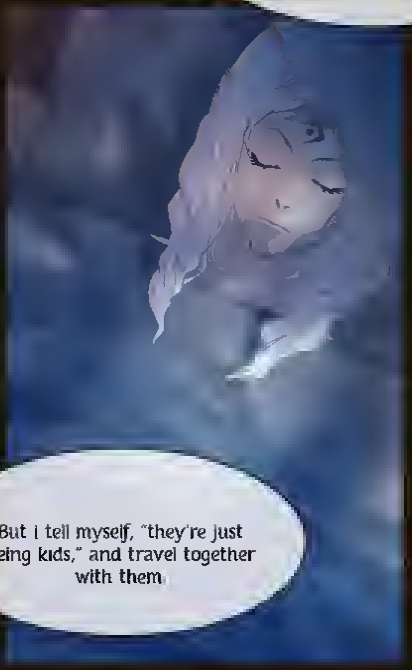
Nastasha...

...I've been travelling with a couple of kids named Enzu and Iremi.
Creak

Well, being kids, they've put me through a number of awkward and annoying situations

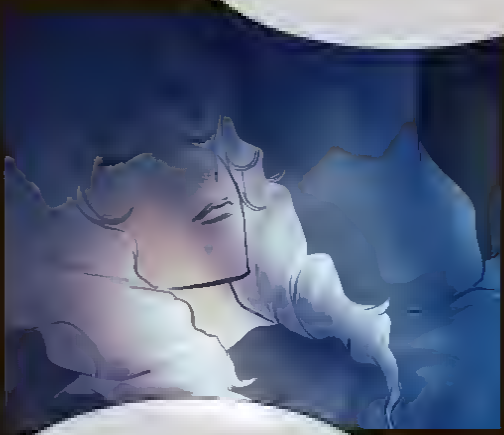


But I tell myself, "they're just being kids," and travel together with them

You can't imagine how clever the girl Iremi is

She talks everyone into doing her bidding
SFX Heh

The boy Enzu just can't win against her. You should see how he flounders...



And she even wheedled a pickpocket we met on the road into becoming her lackey.

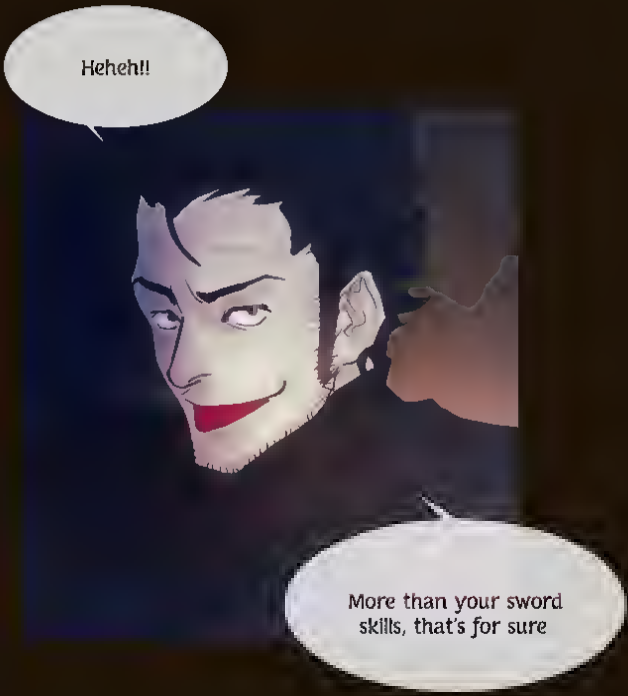
Creak

That lackey's name is Dirt, and...

Hum, Hum
Ah, erm...

What is it?
Dinner's ready. Why don't you come down so we can eat?
휙
SFX. Swish
Before it gets cold...

Oh? Was it this late already?
Let's go down, then.
It's been a while since I last tasted your cooking, huh?
Hmm...
Let's see how much it has improved... Huhuhu.



Heheh!!
More than your sword skills, that's for sure

YOU LITTLE!!!
Dash
Hahaha, come down before it gets cold.

He'd be a bit cuter if he wasn't so cheeky.
Angry
I spoiled him too much when I was raising him.

Glance

I'll tell you the rest after the dinner.
Full
Wait a little while for me.
Grin

... Nastasha.

This place is almost deserted, huh? That ajussi over there has been drinking alone for hours...
Sip
Sip

It's a small village.
Still, I don't see any people outside either. What a boring place.

What? You were complaining about the building earlier, and now you're even badmouthing the villagers?
Voosh
Ack!!
Oops...

HERE'S YOUR ORDER!!!
Thwack

You spilled the soup, nunim.
Guess you're annoyed...
But I'm a customer...
T-Thanks...

Glance

ACK!

SFX: Gobble Gobble

KYAAA...!! THIS TASTES GREAT!
Hahahaha
Hey, hey...

MMMF ...!!
WOW!!!
IT'S FAN-DASCHTICK!

OH YEAH. DELICIOUS!!!
.....

OOF!

MMF, MMF!!
Eh eh?
Flail
Flail
MMF, MMF, MMF!!!
What a bothersome kid.
Are you alright?
You should've eaten it slowly...

Here, drink some water
Tap Tap Tap

SFX. Glug Glug Glug

Guuuulp

Haa...

Whew that saved me
Tap
I thought I was gonna die.

Tap

Geez, just when I thought he matured a little, there he goes acting all stupid again...
You saved my life, Nura.

I just can't make heads or tails of what's going on inside his head!
Hmm... Maybe he's simply a fool?
What're you thinking about so deeply?
Eh, eh?

Hold on.. Were you worrying about me?
Grin
Hehehe but I'm fine now...

Wot?
Flinch
Yeah, right
As if...
Slide
Then what's the problem?

What do you think? I was thinking about ajussi. He went up the mountain alone.
Why would I be worried about you?
With the snow piled up high, it can't be an easy climb...
Tch! And here I was thinking...
Scratch
Scratch

Haa... I wonder if he's eaten?
Hmm.

But there's no need to worry about ajussi.
My, haven't you become cold-hearted? You were always tagging along at his heels!

Tagging along at his heels?
Me? When?
Eck!
You guys...
Huh?
When, you ask...?

Is the person you're waiting for...
...Edermask, by any chance?

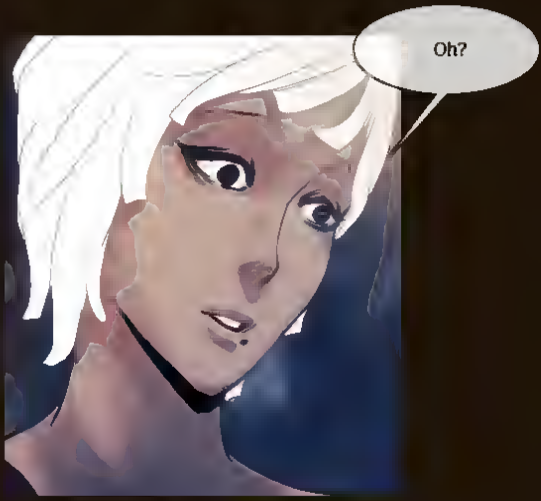
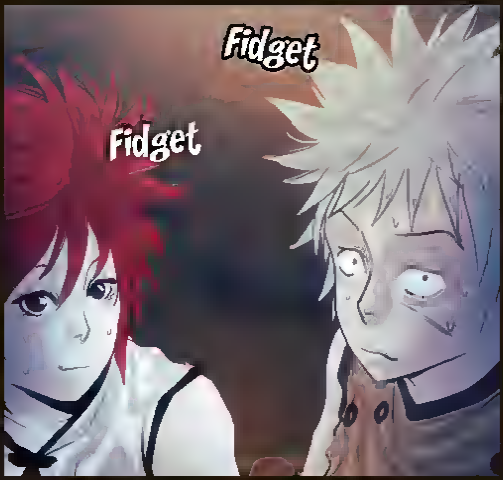
Episode 20 - Nastasha (05)



Oh?



Fidget
Fidget

Aha... I'm right, aren't I?
ECK!!
Lean

Hahaha... You don't need to get all nervous.
Heh.
This place is pretty much Edermask-nim's village, anyway

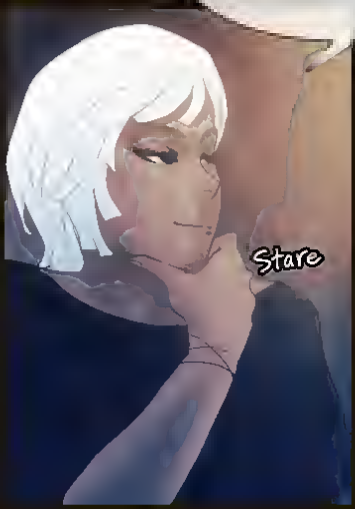
Erm... Sorry?
Ajussi's???
Edermask-nim built this village where he brought the kids he picked up during his travels across the world.
I was one of those kids myself.

Oh?
That's quite a surprise...

Seeing you kids brings back memories.
Tap

We had a lot of fun back then, you see.
R-Really?

Because I was from a country very far away



...I got to travel with him for a pretty long time

I was very young back then
but I still remember things
from that time very vividly
The first snow I'd ever seen, and
the first sea... everything was
new and fantastic

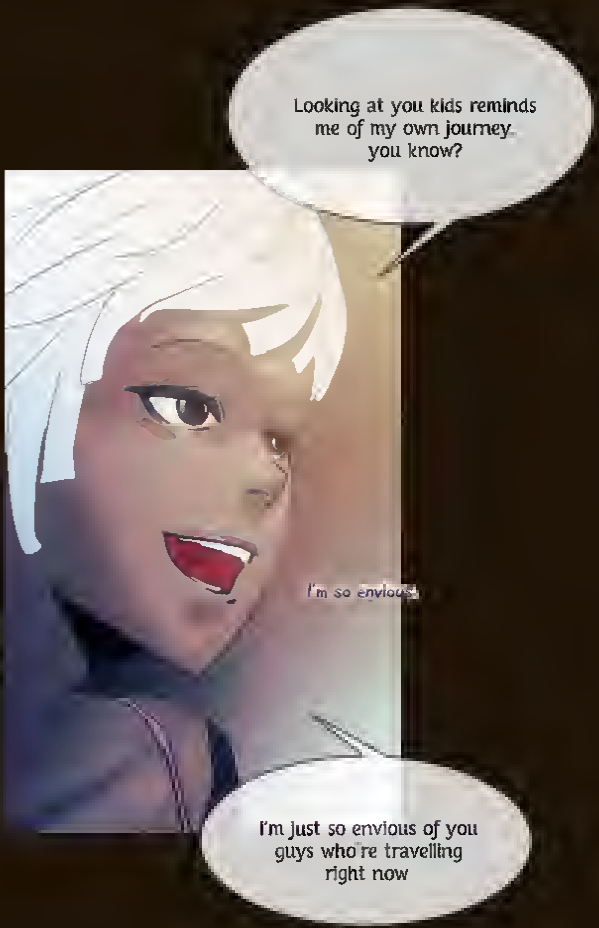
At the time, everything was so new and wonderful that the whole experience seemed surreal, as if the difficult life I'd led until then had been just a dream.

Those memories are the ones I treasure the most

SQUEEZE

Even now, my heart races when I think back on those times

Heh...

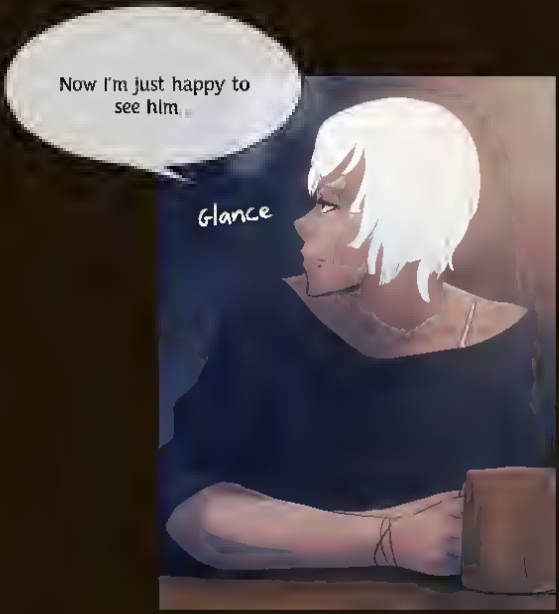


Looking at you kids reminds me of my own journey you know?
I'm so envious
I'm just so envious of you guys who're travelling right now

Gulp...

KYAAA...!!
This is exactly why I drink!

Well...
Clack



Now I'm just happy to see him.
Glance

...When he stops by to have a drink every now and then
...

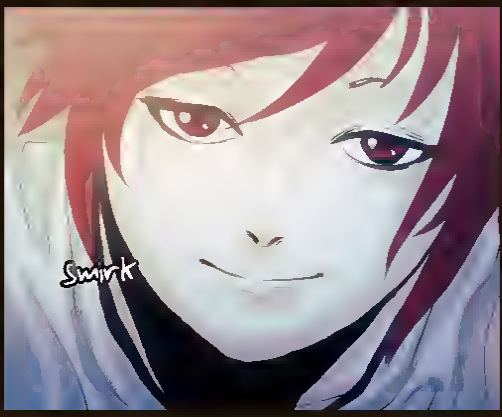
YAAAAWN...
AHHHHHHHH...

Hmm...
Tilt

That's the face of someone in love
Nod
Nod

STARTLED
WHAT?!
N-NO, NO WAY!!
What love...?
Nod
Nod
Your face is red, though

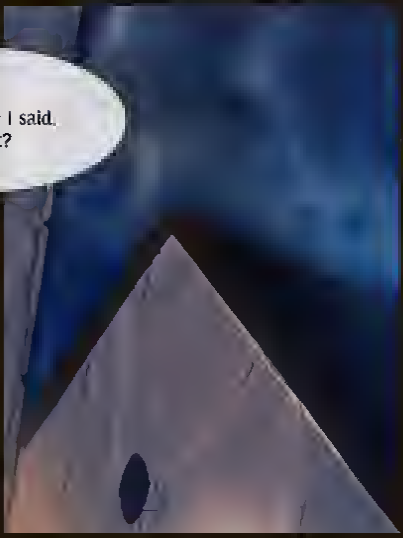
Oh dear, how silly of you... It's the wine going to my head
Swish, swish
It's not...
I was just mulling over something, that's all.



Smirk

ACK!

You sure know how to make someone feel all embarrassed.
I was only saying what I felt.
I'm saying that's what s embarrassing me.



So it's like I said, right?
No... I'm telling you it's not.

Timeh...
Raise

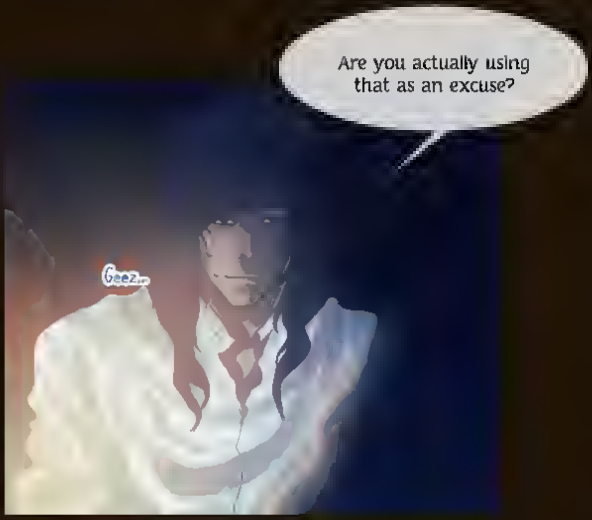
Words can't express how grateful I am to you for always looking after Nastasha

Heh. Why're you saying this all of a sudden? I've always considered it as "my duty," anyway.
Hehe
And I couldn't be happier, since I can train like this every day

Grin
And that's how my skills improved by leaps and bounds, and how I even managed to beat you, eh ajussi?
Y-You little ..!
He always does this...
TAP

But why does your cooking never improve?
Hahahaha.
They sure look more and more delicious, but...

Hahaha... You know...
Scratch
Scratch
I'm more comfortable with long-swords than daggers...
...So using kitchen knives isn't exactly my forte.

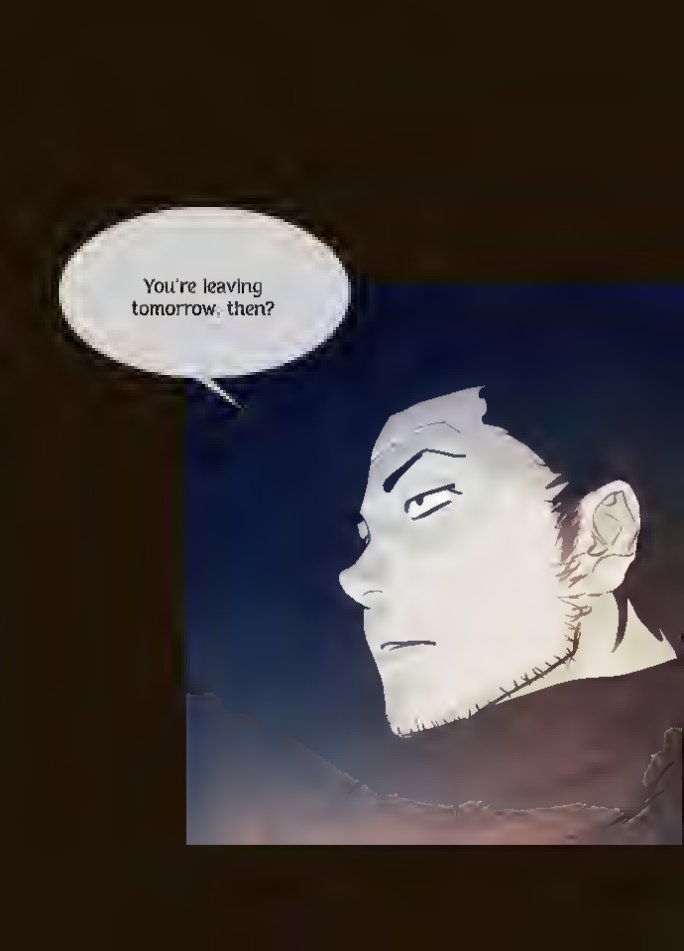


Are you actually using that as an excuse?
Geez...

S-Sounds silly, huh?
. . . . . .

.....
Tap

Ah...



You're leaving tomorrow, then?

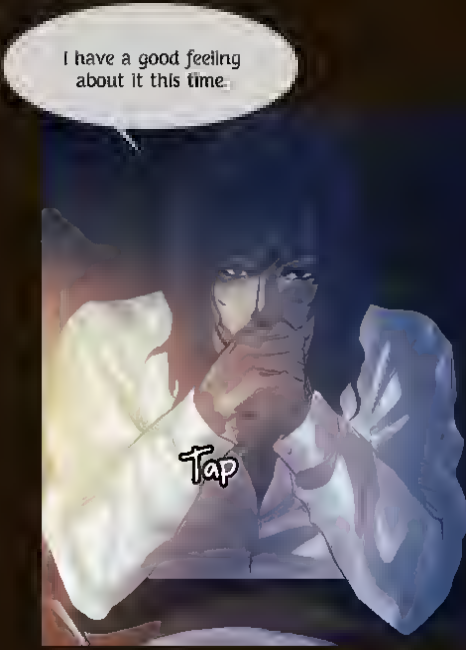
Yes. As always, I must leave you behind with a big burden to bear.
There's no need for such words between us.

You're the only one I can trust

Please keep up the good work.

CREAK
Don't worry about the little lady
I'll protect her with my life

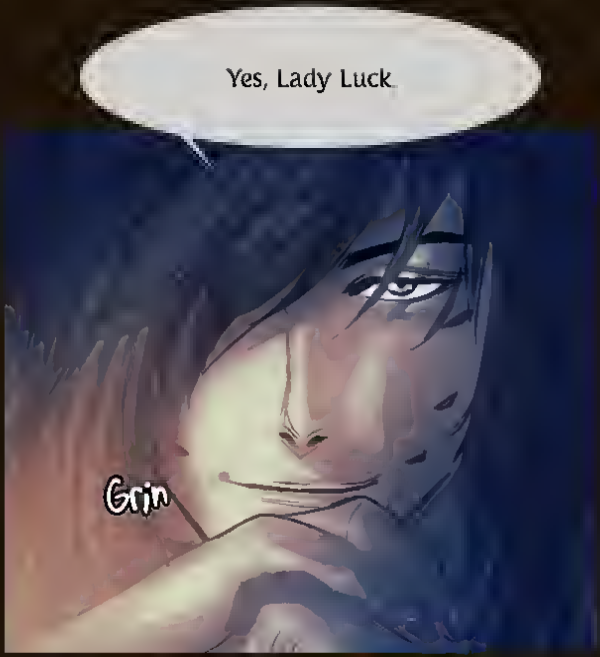
So the next time you come back make sure it's with the immortality spell.
Yes, definitely.



I have a good feeling about it this time.
Tap

I have Lady Luck with me
you see

Lady Luck?



Yes, Lady Luck.
Grin

Yes.

I know I can find it
this time.

Nastasha, please wait just a little longer.

This time, I'll bring you back once and for all.

I mean it...

Episode 21- Four Gazes (03)

Ah. Welcome.
벌떡
Rise

Hmm?
Has the owner changed?

Ahh, you must be one of my father's old customers
Hahaha
Well, come in for now

My father's health was bad so 3 years ago, I started running everything in this store on my own
Even then, you can trust my skills
Ahh. so that's what happened
Anyways, I need a map...
For which area do you need?
I need a map for the Forest of Truth
Ah~, The Forest of Truth is it?
흐음
Hmm
Is there a problem?
Ah, no, that's not it
It's just that the map takes quite some time to make
And our stock just ran out. Haha.
Our store usually stocks a few and leave them around, but few days ago
Someone bought all the maps
Because of that to chart new maps will take some time.
All of them?
응?!
Huh?

Thess.. guys must have already engaged this.

Looks like we'll have to be a little careful.

Then when do you think the maps will be ready?

If possible, I'd like to receive it as soon as possible...

Looks like I'll have to stay up all night again...

Well, we're already at the midst of working on it... I'll see to it that we'll have it made by tomorrow morning.

I'm grateful. Then I'll come by tomorrow morning.

I understand. Until tomorrow.

I'll leave the payment before I go.

Lets go.

What? You're just going to l...ve without buying anything?

Ah!

Excus.. customer.. um.. mer.. thing..

You have to hurry your trip to the Forest of Truth.

.....

After a few weeks, the map becomes unusable.

If you want to go to the Forest after, you would have to wait another month.

I already know so no need to worry.

Just make sure the time on the map is correctly matched.

Then until tomorrow morning.

Ajussi.

What did he mean when he said the map will be unusable?

It's not like a map has a deadline... I just don't get it.

Ahh.

The Forest of Truth is a bit of a unique place

Although the forest is usually still,

Every time the seasons change, the trees wake up and move to where it's comfortable.

Thanks to that, the maps have to be recharted.

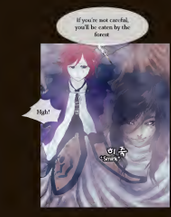
Ahh~, Is that right? What a creepy place. Hahaha

A living forest...

Even I'm reluctant to go. There is a lot to prepare and when you go the roads are pretty messy.

On top of that, even I can't afford to go by myself because it is too dangerous.

You guys will also have to steel your resolve.



If you're not careful, you'll be eaten by the forest.
Huh?

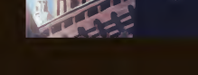
Th..r.. ar..n't many days left

Do you think Ed- mund will unite?

I delivered the message, but whether he comes or not is his own choice

Th.. plan will move according to sch..dul.. anyways



If that man does not come

Is that true?

Hmmm.

Stic *Place*

If that is true, looks like the capture of Edermask is not needed.

Gather 100 skilled men and send them there.

Also, don't neglect Edemask's surveillence.

Carry this out without any mistakes.

Yes, Jamus-nim.

We will proceed as you wish.

This weather makes it impossible to tell time.

It's probably around three thirty right now

How do you know? I don't recall seeing a clock in the store.

Sfx: "Rub rub"

It's quite accurate, this.

Are you perhaps already hungry?

Ajusssi, where are we headed to next?

Well, the preparation for the forest is pretty much finished...

Shall we head towards the smitheries?

Since you can't keep going around in that outfit

I told you kids I've been here once, right? Last time I recall seeing weapons of excellent quality.

So, should we head towards where your weapon was made, Enzo?

I don't mind... But it was when I was really young, so I don't recall much.

I'm sure it will all come back when you get there. Let's just go for now.

Sfx: "Step step"

Ah... alright

Mhm, mhm.

I understand

Alright...

Then I shall move according to your orders.

Sfx "Step step"

Everyone, gather.

Sfx "Stand"

I'm sure you already know, but we recieved a report on Edermask

Although we can't confirm all of it, in order to capture Edermask, it's better to use a plan that has a higher probability of success.

Therefore, only a few of you will stay behind and monitor Edomask's actions

The rest of you will head towards Edermask's next destination, Claudemonde. There you will concentrate on gathering your mana in order to capture Edermask.

Other forces are already on the move, so don't delay and make sure you join up with them

When you arrive, make sure you follow Dommon's orders and proceed accordingly

Think of this as the final mission, so let's capture Edermask without fail.

ㅋㅋㅋㅋ
Kukukuk

Now then, we'll meet agam in Claudemonde.

Risa and Ron.

Sir.

Sir.

You two will stay behind to aid me.

SFx: "Snirk"

Be very careful when crossing the border, and as for a leader. I'll leave that to Amanda

Understood!

The two of you, follow me

Dan-nim, are you planning to head towards Nina? The city is a bit far...

Indeed! Minna-chan is waiting for us...

We'll be lying in wait in the middle of the road. I just feel like I have to see this f*ckermask myself

Although we're not going all the way to Nina, it's still pretty far, so if we want to make it, we'll have to make haste.

People kill or are killed using these weapons. They're truly heinous things.

Anyways, these won't fall on us right?

Don't worry, they won't fall.

I'm pretty sure this is the place. I'm starting to remember bit by bit.

So it's for the young master.

SFx: "Clatter"

Though it may look thin, the toughness on this set isn't a joke.

Hehehe. That's right. This is what Henry entrusted me with.

I thought you would find your way here when you were a bit older, so the size might be mismatched

Although the size might be a tad too large.

SFx: "Stretch" "Stretch"

It's something that can be easily adjusted, so don't worry about it

Ah, Enzu. You're a little early
Sfx. "Pwew"

Hey, go bring the set here.
Yes, sir

I'll be finished in a bit, so wait just a moment.
Sfx. "Scrape scrape"
While you wait, my apprentice will help you put on the set

Alright

Hey, over here.

I'll start off by explaining how to wear it.

Is it complicat..d?

Hardly. Compared to standard armors, it's much simpler. It's just like putting on clothing. You just need to be aware about what order to wear it in.

Most of the armor is made of special fiber so it's really comfortable to wear and very light.

스윽

Sfx. "Slide"

There is also metal weaved into the fiber, so it's really tough. Think of it as wearing something like a chainmail.

Next is this.

쑤욱

Sfx. "Pop"

Ah. I attatched the scabbard on the waist, should I change that?

You might not be used to it, so would it be uncomfortable?

Don't worry. If I feel like it's uncomfortable, I'll change it myself.

When I was a kid, I was too small, so I won : t on my back. I'm big enough now, so wearing it on my waist shouldn't be ; problem.

Hehe~ . it's a lot lighter than it looks.

Ooh, it really fits you.

You seem a bit more manly, not like a kid at all.

& Really? Isn't it a bit baggy?

Just a bit, but it matches you nicely.

Right, so do I look a bit stronger?

Before you leave, let me explain some functions. Well, it's nothing much.

Since there is only one to know.

Do you see the part right above your left armguard?

스윽

Yeah...

Sfx. "Press"

There's something like a pin sticking out right? Try pushing it down.

톡

T-This?

Sfx. "Press"

Sfx. "Flinch"

Or even use it as a shield.

Looking closely, when I pressed the button, a blade came out.

Sfx: 꾹~

When you're not using it, all you need to do is pull the pin back.

Like this? Ahh...

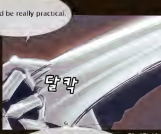
How int..r..sting.

Sfx: "Chu-ang"

This could be really practical.



Sfx: "Click"

Sfx: "Sheathe"

Well, it's your choice. Take it or leave it.

It's not like I was facing Edermask as an opponent or something.

Right. Then...

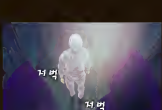
Looks like all that's left is to leisurely follow them around.

But if we were to use magic, wouldn't Edermask notice? Will it be alright to do so?

Don't worry about that. The thing is, the Forest of Truth is wrapped under a spell.

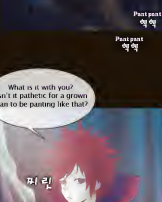
So unless you were to use your magic right beside them, they won't notice a thing.

Now then. Let's stop chatting around and start following Edermask.



Sfx. 'Step step'

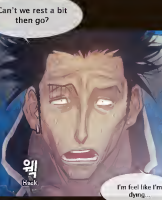
Understood, Dan-nim.



What is it with you? Isn't it pathetic for a grown man to be panting like that?

Sfx. "Glare"

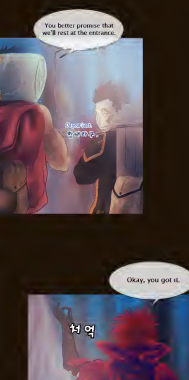
I-I'm tired. What can I do?



On top of that, I haven't exercised recently, so it's even more tiring.

It sure was comfortable riding the cart.

Can't we rest a bit then go?



I'm feel like I'm dying...

We already decided that we will take a break once we reach the entrance. Suck it up and think of it as training.

You're the weakest among us, so you should at least put your useless energy to use.

It turns out that the shamans worshipped the monster Mors was riding. The moment the shamans saw the monster, they all fell and started to bow before it. Afterwards, the shamans went about and started to busily prepare for some strange ritual. While all the ruckus was going on, the male dark elf went to rescue the other dark elves

Sfx. "Halt"

Sfx. "Pears"

Well, having mixed feelings here isn't all that strange.
The reason is because the entire forest itself is wrapped in magic.

Since Jeem receives the forest's blessings, she feels comfortable, like she's back at her home town.
But for the majority, most feels quite tense here.

Sfx. "Shock"

Right. This place is the direct opposite of my element, so I can't say I like this place very much.
Usually, when I come in here, I feel extreme discomfort.

Sfx. "Drip"

Anyway, before we go in, shall we take a little break?

Ah! I've been waiting for those words!

스윽

Sfx: "Slide"

차르륵

Sfx: "Unrolls"

배꼼

Sfx: "Stare"

Is this the map of the forest?

Mmm...
I have a bad feeling about this...

How are we going to go there when there is no road?

Don't worry. This is the reason why I prepared so thoroughly before we came in.

씨익

Sfx: "Smile"

While it's dangerous by yourself, since there are many of us, it should be fine.

The roads look really complicated...

That is because the places that have a higher concentration of mana are dangerous.

As long as you follow the roads, you just need to be a little careful.

슥

Sfx: "Slide"

However, reaching the center will require full concentration.

Thanks to that, we have to travel where the mana concentration is weakest. This is why these roads look so inefficient and complicated.

Then where is the place we're headed?

Right here, the heart of the forest.

슥

Sfx: "Point"

It looks completely empty. Is there supposed to be something there?

Well, I've never been there myself. But it's suspicious. I've crossed the forest several times, but this spot always remains the same.

Also, the map doesn't exactly show how to get there, so I couldn't just go and confirm it myself.

See? If you look carefully, there are no roads that lead to this spot, right?

I have a feeling the place we're looking for is probably in this spot.

This is why I'll explain some rules right now.

Let me first explain the rules!
규칙 먼저 이야기해 줄게

SFX: "Click"

First, independant movement is strictly forbidden. Make sure you always move in pairs.

Excuse me!
저기요!
Why?
왜요?

If you move by yourself, you could possibly wander in the forest for eternity, so be very careful.

Second, you must always check on on each other's conditions. When one is getting drowsy, you must wake them up.

Are you sleeping!
자면 안돼!
Because!
왜요!

Because this forest is full of magic, it easily lures a person out. So this rule is very important.

Thus thing you gave us, what's it for?

Are you curious?

SFX: "Slick"

슥

I was just about to explain.

You see...
You use it like this.

SFX: "Spray"

Erp!!!

SFX: "Flinch"

#!!!EEK!!!!!

SFX: "Roar pose"

H-Hey Enzu...
You okay?

SFX: "Cough"

You're wide awake now, right? When someone starts to nod off, just spray them with this.

SFX: "Cough"

As long as we have this, traveling in the inner parts of the forest should be fine.

But Apusu, you said we have to move in pairs, right?

Right. Since moving independently is very dangerous.

Um... About that...

푸뻔 푸뻔

Well, you see, I'm the only girl here...

Sfx. "Fidget fidget"

So... When I um, take care of business, I can't move together with someone.

슥슥

I mean, no matter how dangerous it is, that's a bit...

Sfx. "Scratch scratch"

Aah, that's right. Just don't stray too far from your partner.

Sfx. "Pant pant"

He~, If it's dangerous, you can go with...

Sfx. "Spray"

KIEEEEK

키 에 에 엑

Who would!?

Read the mood.

Sfx. "Pant pant"

Also, if you dare say something stupid one more time, you better brace yourself

Well then, let me finish explaining. Lastly, this is about sleep. This is probably the most important rule.

아 아 아 아

Hahahaha

This is because sleeping in the forest is much more dangerous than most of the things here. Even I didn't dare sleep when I was moving by myself.

Because of this, when we sleep, two of you must keep watch over the rest of us.

Each pair will take two hour shifts.

But there are five of us. How are we going to split the pairs?

I'll keep watch by myself, so don't worry about that.

Just sort out the pairs amongst yourselves and decide the shift order.

스윽

Alright then, since my explanation is over, shall we get going?

Sfx. "Peers"

I don't know what I was sprayed with, but I can still smell it.

킁킁

I wonder if this will stink the whole time we're here?

Sfx. "Sniff sniff"

Haa~... even before we leave I'm full of worries.

티익

Sfx. "Flick"

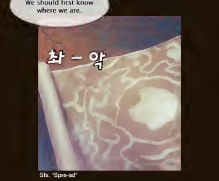
We're going with Edenmask-nim. what's there to possibly worry about?

Even then, both of us are really weak.

Hey, what's with all this depressing talk even before we leave?!

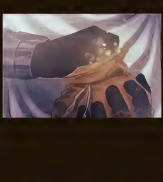
I apologize, Nouren...

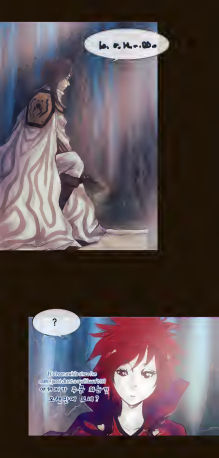
Sfx. "Slide"

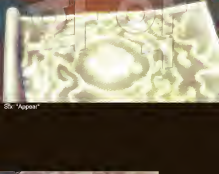


Sfx. "Spre-ad"

Sfx. "Teke"







Sfx. "Appear"

Sfx. "Glow"

Do those marks show our current position?

How mysterious.

Haha. You're quick to catch on.

That's right. This is something that only works here. Since the whole forest is covered in magic, something like this is made possible.

Well, if you happen to stray off the road, you'll lose your current position thanks to the higher concentration of mana...

스르륵

Sfx. "Roll"

But we'll be able to at least keep track of our positions until we reach the heart of the forest.

Well then. Let's get moving again.

.....

SFX: "Flinch"

That's strange... Even if the Forest of Truth augmented her powers,

She shouldn't be able to do things she couldn't before. This doesn't make any s..ens...

Then again, when I first met her, she was a bit strange.

Such magical powers and skill at such a young age...

So if you think about it, compared to her strength, push-ups she is on the slow side.

Is there something special... about this child?

This bastard... Was he planning to surprise us?

SFX: "Reach"

Let's find out what he was up to.

SFX: "Shing"

Enzu, leave him be.

What?

He is one of the forest's people.

Their well known for being very carefree.

He probably had some interest in some of our luggage

It'll be a bit troublesome if we pick a fight with the forest's people..

So just leave him be.

Well, alright.

Let's move before he comes around.

Oh, that's right. Hey Dirt, what was it that you were saying before?

W-What? 8-Before? I don't know what you're talking about...

Sfx: "Woosh"

The forest is giving me this profound feeling...

It really calms me down.

Kukukuk. That's because our affinities match with the forest.

On the other hand, I bet Edenmask feels a bit constrained.

Now then. Shall we...

It's really tiring without a road.

If Janus stands under the bright sun, I am but a weak king that cannot stand under the same light.

Because I lack strength, all I could do was watch while our kingdom was being taken over. I feel ashamed.
